

Carbon Footprint Calculated CO₂

HCO-2021/0031

AENOR certifies that the organisation

GRUPO MAPFRE – TURKEY

In accordance with the requirements of the ISO 14064-1:2012 standard, generates certain emissions of 1.023,64t of CO₂-eq (Scope 1: 263,70t of CO₂-eq, Scope 2: 371,61t of CO₂-eq, Scope 3: 388,33t of CO₂-eq) and undertakes to monitor this over time.

Scope: The scope of the verification is established for the activities provided by the organization in facilities located in TURKEY.

The activities subject to verification are based on 3 scopes (following the guidelines of ISO 14064-1), which are:

- Scope 1: Direct GHG emissions:
- Scope 2: Indirect GHG emissions associated with electricity consumption
- Scope 3: Other indirect GHG emissions
 - o Emissions associated with the production of office paper consumed in fixed centers.
 - o Emissions associated with the management of paper waste sent for recycling from fixed centers.
 - o Emissions associated with toner consumption in facilities.
 - o Emissions associated with the management of toner waste sent for recycling from facilities.
 - o Emissions associated with the management of fluorescent waste consumed in facilities.
 - o Emissions derived from business trips on public transport (train and plane), used by GRUPO MAPFRE employees.
 - o Emissions derived from Commuting: round trip transportation of workers from home to work.
 - o Emissions are associated with the life cycle of fuels used (Well To Tank - WTT), both in facilities and mobile fleets.

With company registered office at: BÜYÜKDERE CADDESİ, NO:74/D BLOK. 34394 - MECIDIYEKOY SISLI (ISTANBUL – TURKEY)

Period: Year 2020

According to: I Verified Emissions Report of the period 2020 and the AENOR Verification Statement, resulting from the verification, dated January 27, 2022.

Issue date: 2022-03-09
