MAPFRE PREMIUMS GROW 6.2% IN THE FIRST HALF OF THE YEAR

- The company gives advance information to the market regarding premiums by region and business unit
- In Spain, premiums grew almost 7%, surpassing 4.2 billion euros
- MAPFRE RE premiums increase over 11%

MAPFRE has decided to release advance information to the market about premiums by region and business unit. This is part of our commitment to transparency and it allows the public to follow the behavior of the key business indicator a few days ahead of the approval and publication of results, which is planned for July 26 for this quarter.

This information makes it possible to provide a more complete understanding of the Group business performance, since some countries release information about MAPFRE's written premiums to June 30 in advance of the results presentation.
